PROFESSIONAL SERVICE AGREEMENT

Inspection/Plan Reviews/Property Maintenance

Statement of Qualifications

B & F Construction Code Services, Inc. provides building and fire protection plan review, and inspections. All technical personnel are certified and/or licensed to provide the services as described and requested.

Services to be Provided – Plan Review & Building Inspections

B & F Construction Code Services, Inc. shall:

Conduct complete plan reviews for commercial and residential projects for building, fire code, fire sprinkler, fire alarm, fire protection, plumbing, electrical, mechanical, energy, hood & duct, solar systems, pool, decks and accessory structures and any other plans requested to review in accordance with the codes and amendments adopted by the client. We can also provide high hazard use, NFPA 101, and virtually any other type of specialty reviews.

Conduct commercial and residential building, fire code, fire protection, plumbing, electrical, mechanical, energy, hood & duct, solar systems, commercial roofing, right-of-way, utility and property maintenance (rental, sale, transfer, and code enforcement) inspections. We are also able to perform annual fire inspections, life safety inspections, high hazard inspections, spray booth installations, and basically any other code related inspections.

Staff can attend pre-construction meetings and construction status meetings whenever requested. Upon availability, staff may be able to work at the client directly. The schedule shall be mutually agreed on.

Code consulting services shall be provided via phone, email, field, and individual/group meetings. Video conferencing will be utilized as necessary or as requested.

Digital Plan Review

B&F Construction Code Services, Inc. now primarily accepts electronic plan review submittals, physical submittals are continued to be accepted. To date approximately 80% of submittals are currently via electronic means.

Plan Review Process

Plan reviews submitted to our office are processed typically within two (2) business days. Upon processing, the client will receive a receipt indicating the scope of the review and the completion date (based on date received). Once reviews are completed, plan review letters are sent to the client via email and can also be sent directly to the applicant if requested. If the applicant has questions regarding a review comment, our letters contain contact information for each plan reviewer.

Schedule to Perform Plan Reviews – All Disciplines

All first reviews are performed typically within nine (9) business days from date they are received in our office and the second and all subsequent reviews are performed typically within five (5) business days. Typically there are no additional fees for any re-reviews up to three submittals, any subsequent submittals may be subject to an additional fee.

If a quicker turnaround time is desired, we offer Express Reviews. These Express Reviews are completed in four (4) business days and all second and subsequent reviews are also completed within four (4) business days.

Miscellaneous and simple projects can be reviewed in two (2) to three (3) business days. These reviews are subject to fee for re-reviews.

Schedule to Perform Inspections

Inspections require notice the day prior by 3:00 p.m. Inspections can be conducted between the hours of 8:30 a.m. and 3:30 p.m. Monday through Friday, excluding holidays. Inspection requests shall be emailed, called, or submitted online. Additionally the client can approve B & F Construction Code Services, Inc. schedule inspections directly at no additional cost. Inspections can be made outside of these timeframes on an as requested basis for an additional cost. Days of the week and times during the day for inspections will be determined mutually by both parties.

The inspections are conducted as progress of the project takes place. All inspections are conducted and are documented with an inspection report indicating the results of the inspection. Inspector shall utilize company issued technology (tablets) to input inspection results real-time.

Inspectors shall contact customers, upon request, with estimated arrival times. We commit to adhere to inspection arrival times.

B & F Construction Code Services, Inc. maintains that it is the responsibility of the contractor or permit holder to ensure all required inspections are performed. B & F Construction Code Services, Inc. can provide evaluation services of inspection history, third party reports, and special inspections.

Qualifications

B & F Construction Code Services, Inc. provides building and fire protection plan review, inspections and training services for municipal building departments. All inspection and plan review personnel are certified and/or licensed to provide the services as described.

We currently provide inspections and plan review for the City of Harvey, Villages of Broadview, Matteson, Markham, Riverdale, Brookfield, Forest Park, Oak Lawn, West Chicago, Kingston, Kirkland, Shabbona, Hinckley, Waterman, Mettawa, Manhattan, Inverness, Elwood, Deer Park, Timberlane, and Poplar Grove.

In West Chicago and in Harvey, we provide full code enforcement services and administration including; inspections, notices of violation, tickets, adjudication, correspondence, testimony, etc.

There are other municipalities where we provide fill-in inspections when municipalities are in need of inspectors because of a large short-term workload or because they are down staff members due to vacations or extended leaves of absence. These municipalities include the City of Wheaton and Villages of Wheeling and Romeoville.

B & F Construction Code Services, Inc. performs plan review services for numerous other communities in Illinois and other states such as Michigan, New Jersey and Pennsylvania.

We have completed plan review and inspection services for large projects such as the new 3.8 Million Square Foot Amazon facility in Matteson as well as numerous Casino projects, including Four Winds Casinos in Michigan and Indiana, Bally (formerly Jumers) Casino in Rock Island, and Rivers Casino in Des Plaines.

Firm Information and Additional Qualifications

B & F Construction Code Services, Inc. is led by its founder Richard A. Piccolo who has more than forty years in the code enforcement arena. For many years, we have been providing Plan Reviews, Inspections, Building Department Administration, Code Consulting, and Training Services for Municipal Building Departments, Architectural Firms, Developers and Construction Workers. Our expertise is in all the Major Model Codes including the ICC (International Code Council) series, Illinois Plumbing Code, BOCA, NFPA, Accessibility and accepted industry standards and practices. We have performed over 110,000 plan reviews, conducted more than 600,000 construction inspections and over 220,000 code enforcement inspections. We have trained thousands of industry professionals nationwide. Our services have become the most sought after in the industry because of our continual focus on the three elements we have consistently delivered since inception...Quality, Value and Service.

We have over 50 technical employees which include a full-time staff of qualified, licensed (where applicable) and certified staff of Plans Examiners, Building Inspectors, Property Maintenance Inspectors, and support personnel. Our affiliate company, the Building and Fire Code Academy (BFCA) provides training nationwide to industry professionals and has received approval by the State of Illinois as a Licensed Vocational School, approval by the International Association of Continuing Education & Training (IACET) and the approval of the American Institute of Architects (AIA).

Some B & F Construction Code Services, Inc. staff are also instructors with the Building & Fire Code Academy. The Building & Fire Code Academy works in conjunction with the State of Illinois and the Illinois Department of Employment Security to provide free training to help unemployed Municipal Building Department employees maintain their certification. BFCA is a State of Illinois Certified Workforce Provider. Individuals participating in a certificate program, or our flagship Code Enforcement Career Development Program receive first hiring preference over other applicants. Additionally, the Building & Fire Code Academy maintains a job placement service for our students.

What is unique about B & F Construction Code Services, Inc. is the combination of conducting inspections and training code officials across the country. Many of our competitors attend our training classes at our office and we appreciate their trust and confidence in our excellence in training.

This separates B & F Construction Code Services, Inc. from its competition and not to mention that all of our staff are company employees and we do not employ contract employees. We provide hours of training to make sure our staff is prepared prior to being assigned to a client.

B & F Construction Code Services, Inc. has developed a system to manage the varying needs of our clients. This includes a proprietary system, which tracks the adopted codes and their local amendments. It also tracks each project, which includes what was submitted, when the project is due, and the status of each project including first and all subsequent reviews.

All of our clients use our plan submittal form with each set of plans submitted. This form gives us the specific type of reviews and any special instructions for each project.

We are a professional staff with company uniforms, vehicles (marked with company information on the vehicles), equipment, cell phones and the necessary materials to provide a high quality service for the municipality. We are available to serve the municipality in the best way possible.

Our experience is second to none!

Quality Control & Staff Development

B & F Construction Code Services, Inc. Plans Examiners, Field Inspectors and Technical Staff undergo rigorous training and are required to attend our weekly technical meeting. They also attend continuing education course training and certification training provided by the Building & Fire Code Academy and outside sources.

Our staff must be able to meet applicable Insurance Services Organization (ISO) standards and pass written and field examinations. Our Director of Technical Services works with inspectors and plans examiners regularly to continually develop areas of expertise and provide guidance for future growth. Part of this process includes random selection of completed projects for review and/or inspection, meeting with clients and field personnel to ensure our employees are providing the quality of work, care and service we require. Quality control and staff development also extends to support staff.
