Motion to approve the meeting minutes from the June 6<sup>th</sup> Plan Commission meeting by Dan Turner and second by Tim Dell – all in favor. (Chairman voting)

**Public Comment:**

Mrs. Strobel noted the excessive noise from a neighboring property at holidays.

**New Business**

**a. Residential Noise Ordinance Review**

The Plan Commission began discussions concerning noise in residential-zoned areas of the Village. Presently, there are no ordinances addressing issues of noise in residential areas. The following are points that the Committee believes should be incorporated within a noise ordinance for residential areas:

- A definition of noise as offensive sound.
- Limiting noise after 12:00 AM on weekends and 10:00 PM weekdays.
- Weekends to be defined as Thursday through Sunday to accommodate holiday weekends.
- A maximum sound pressure level (SPL) of 60 dB as measured at the property line or right-of-way of the noise source.
- A desired level of 40 dB within residential areas during the restricted hours.

The discussion of residential noise will continue at the August Plan Commission meeting. Other early concerns for the developing ordinance include how to effectively enforce a Residential Noise Ordinance.

**Old Business**

None

**Adjourn:**

Motion to adjourn by Tim Dell, second by Dan Turner - all in favor. (Chairman voting). Meeting adjourned 7:55 PM.
